

COMPANIES HOUSE

ANNUAL REPORT & ACCOUNTS
1994 - 1995

CUSTOMER PROFILE - LONDON

Companies House is not the only branch of the information industry marking an important anniversary. In 1994-95 the **RM Group** celebrated 21 years in company information and registration. 1994-95 was a good year for the Group. Its latest venture is the Company Shop based 50 yards from our London office in City Road. The shop provides company formations, business books, legal stationery along with helpful advice. Through its other subsidiaries, RM Information Consultants and RM Company Services, the group uses Companies House extensively for both microfiche supply and document lodging.

The RM Group was founded by Maurice Cohen and still remains very much a family managed business with his wife, Violet, Director of Company Services, their son, Emmanuel (Manny), the Group Managing Director and Manny's wife, Jeanette, dealing with Trade Marks. The Information arm is run by Theo de Regibus, who has been with the firm for many years.
